Clarifying the award process: graduated an organizing committee of the Prize composed of the editorsscientific and for the publishing company adjunct. These selected 9 articles of each category. A Judging Committee was then formed, composed by the Teachers: mario Santoro Jr (president0, Edson Liberal (coordinator) and other pediatricians , doctors and professors highlighted, namely: Sibelle Bounora, Anamaria Cavalcante and Silva, Clarisse Days, Paul THE. Camargos. Ours thanks The Commission judge fur beautiful job what developed.

Still following the commemoration of the 10th anniversary, the commission organizer of Congress in Pediatrics online 2021 us granted a space for spread you articles awarded. We choose per to invite you authors first placed in your categories for what present a soon summary in their articles, followed by a lecture by a guest who had relation to the theme of the awarded articles. Here too we thank Professors Saulo Raskin, Maria de Fatima Pigeon and Lilian Sadek for the collaboration at the event.

We ended the celebrations with the a e-book! This one e=book contain depositions, videos, News published and Photos in ours collaborators and does O record gives PR at story gives Society Brazilian in Pediatrics, since your conception in 2010, up until O gift. AND also O record historic gives only magazine dedicated to the resident of pediatrics and related areas in Brazil and a of the few in the world. It is true that during these ten years the scope of the journal exceeded its limits initials and today hits a public most wide. THE PR he can to be considered today The Magazine of Pediatrician!

O e-book stayed The office gives company DOC what account with a pediatrician in their ranks, Dr. Guilherme Sargenteli and with a dedicated team what performed a job exquisite what will be to reach From pediatricians Brazilians. THE DOC our acknowledgment honest.

AND you next 10 years old? O world today live a time in changes or, fur any less, in reflection. THE Pandemic in CO-VID-19 surprised most in 150 countries. Brought great perplexed- in to future of planet. THE medicine sought The reengineering The Touch Of box. Knowledge and scientific communication have advanced in rhythm accelerated, as Never will occur at modernity. THE PR will have what to accompany these transformations. IT IS O time in to plan, rethink O future and s and suit to the challenges in one medicine and one pediatrics many different what us wait!
